

# Find all the latest code products at Delmar Learning

**Order before October 1, 2007 and get 20% off!**

The world's most widely adopted safety code, the *National Electrical Code*® is now advancing electrical safety requirements with the 2008 edition in an effort to maximize public safety, emergency preparation, and electrical worker protection. A must-have for anyone involved in electrical design, installation, inspection, and safety, this edition has been updated for enhanced usability in the field. Delmar Learning is pleased to make this authoritative reference from the National Fire Protection Association (NFPA) available directly from us, for the convenience of our customers who work in and around the electrical trades.

The International Code Council® sets the standard for building and life safety codes and their new 2006 I-Codes are also available from Delmar Learning! We continue to set the standard for educational and training materials for the building trades and, together with the ICC® Delmar Learning provides everything needed to get up to code quickly.
